- 2011-06-30 5:20 pm [ohmyhandmade](#) I've been thinking a lot about routines & how easy it is to get stuck in one that works & not change when it stops being useful **#omhg**
- 2011-06-30 5:20 pm [joycharde](#) [@moxiepear](#): No worries, in a minute here, I'm going to be typing w/ 1 hand then, forget spelling anything correctly! **#omhg**

- 2011-06-30 5:23 pm [papernook](#) [@ohmyhandmade](#) [@papernook](#) [@moxiepear](#) Yes! Definitely a stress reliever to be on your own time and not a little one's time schedule. **#omhg**
- 2011-06-30 5:23 pm [isa_noisette](#) [@ohmyhandmade](#) We have a routine but not a schedule. It works but starting to be less effective as kids grow + work gets busy **#omhg**
- 2011-06-30 5:24 pm [nisseworks](#) [@moxiepear](#) [@saltcityspice](#) [@ohmyhandmade](#) Mine, too... and it's not working for me anymore. **#omhg**

- 2011-06-30 5:25 pm [ohmyhandmade](#) I had a really firm routine for OMHG & it was working well then but now I need to create a new system that is more streamlined **#omhg**
- 2011-06-30 5:25 pm [ohmyhandmade](#) [@moxiepear](#) [@joycharde](#) I think I am equal parts both-organized & messy makes for an interesting schedule;) **#omhg**
